## PRODUCT INFORMATION

The COCOA is the same Hershey cocoa sold in the brown Hershey tins in grocery stores. It is available to us in 25 lb. boxes, packed loose in a heavy plastic liner. You can remind people that cocoa will keep almost indefinitely if it is stored properly. A tightly sealed glass or heavy plastic container in a place with cool to moderate temperatures is the best. It makes a great addition to your food storage program.

The EUROPEAN COCOA is dutch processed cocoa. It has more concentrated flavor than the regular cocoa. In baking, you can use less dutch cocoa than regular cocoa. It comes in a 25 lb. box.

The SEMI-SWEET CHIPS, MILK CHOCOLATE CHIPS, and REESES PEANUT BUTTER CHIPS are identical to those available in grocery stores. When you make price comparisons for customer, be sure to show them that the store price for semi-sweet chips is for an 11.5 oz. package, whereas our price is for a full 16 oz.! All chips come to us in 25 lb. boxes. All three come in the standard "chip size" available at the grocery store. The semi-sweet chips also come in a "mini" size.

The REESES PIECES are the same yummy peanut butter candies you find in the candy bar section at the grocery store. Many bakeries buy them for cookies. They also come in a 25 lb. box.

The VANILLA MILK CHIPS are the same size as a standard semi-sweet chip. They are a white chip made with vanilla and cocoa butter for a smooth; rich taste and are popular in the gourmet cookies with coconut and/or macadamia nuts. They are available in 25 lb. boxes.

The MINI KISSES are identical to the famous foil-wrapped Hershey Kisses, although they are unwrapped and slightly smaller. They are about 2 times the size of regular chocolate chips and are often used by professional bakers (like Mrs. Fields' Cookies) in gourmet chocolate chip cookies. They are considerably cheaper than the regular size kisses but have that same rich chocolate taste. Mini Kisses come loose in 25 lb. boxes.

## ▲ Hershey 2009 ! ▲

The SKOR BITS are English toffee bits for baking. They're also great sprinkled on top of, or mixed into ice cream or frozen yogurt. They are made with real butter and are the same toffee you find in the center of SKOR candy bars. A case weighs 12 pounds and contains four 3 pound bags. This item should be ordered in 3 pound units.

The OVATION CHOCOLATE RECEPTION STICKS are individually wrapped chocolate sticks with a white mint center. A case contains 2 boxes with 300 in each box. We love stirring hot chocolate with them; they add a nice mint flavor.

The MILK CHOCOLATE and the SEMI-SWEET CHUNKS are the same great chocolate as the semi-sweet and milk chocolate chips. They are roughly one-half inch square. They are the type of chunks used by many gourmet-baking companies like Mrs. Fields and Famous Amos. They come in bulk in a 50 lb. case. This item should have real appeal to cookie bakers.

The SPECIAL DARK Chocolate Baking Pieces are the same shape and size as the regular semi and milk chocolate chips. They are available in a retail size package (12 oz.) in the grocery store, if you haven't tried them. They have a rich dark chocolate taste with a higher cocoa content. Many cooks prefer to add the semi-sweet or dark chocolate chips to recipes containing a lot of sugar, feeling that the milk chocolate taste is too bland and sweet. They come loose in a 25 lb. box

The KISSABLES are a product that always gets rave reviews. If you haven't tried them, they're not hard to find in a small size package in the candy bar section of grocery stores. They have replaced the Hersheyettes (Hershey's version of the M&M), which we all loved, and were sad to see discontinued several years ago. These are in the shape of a small kiss, with a chocolate center and brightly colored candy coating on the outside. They are great for including in cookies, or filling up gift containers. They come loose-packed in a 25 lb. box.

The ground REESE'S Peanut Butter Cups are exactly that. A case weighs 20 lbs. and contains four 5-lb. packages. That makes it easy to divide up! They are used by commercial bakeries in cookies and brownies and by ice cream eateries in shakes.
